An application was made to the State Department of Audit to audit the Town Books at the close of the fiscal year, but they were unable to do this. An audit

(Page 42)

was made by the State Department for the year ending February 2, 1946 and the accounts as printed in the Town Report were found to be correct. This audit is in the hands of the Selectmen and may be examined at any time.

On the recommendation of the State Department of Audit the reserve account for probable tax losses has been continued. The following basis was used: 100% for all taxes over six years old, 25% on tax liens and 50% on tax deeds.

Report of The School Department

To the Citizens of Waldoboro:

I wish to submit the following report for the municipal year 1946-47:

The past year has been marked by a noticeable increase in interest on the part of parents in the work which their boys and girls are doing in the schools. Nearly three hundred parents and citizens visited the schools during the fall term of this year. This is nearly three times as many as visited the schools during all of the last school year. These contacts have been enjoyable and profitable to the home and the school. Cooperation is essential at any level, but it is particularly important at the lower elementary level.

Parents of upper grade and high school pupils do not visit the schools as often as do parents of children in the lower grades. The greatest contribution that the parents of pupils at this higher level can make is in the way of the attitudes and habits which they foster in their boys and girls. A parent cannot give his son or daughter an education; the young person will have to acquire it himself. Parents can encourage him in the right habits and attitudes, and, provide him with desirable opportunities. We often do too much for our children. We protect them from the consequences of their mistakes and shortcomings, thus preventing them from learning and developing. It is of the utmost importance that our influence as parents, result from a consideration of the whole situation and that it be constructive and not destructive.

The teachers in your schools this year are able, hardworking and interested in improving the efficiency of your school system. Seven of the fifteen teachers in the system have taken a summer session or an extension course during the past year. The teachers of the first six grades are now making a study of the teaching of Arithmetic. The purpose of the study is to improve themselves in the teaching of arithmetic in their own grades as well as to prepare a course of study which will be of use to the other teachers in the Union. Groups of teachers in other towns are making similar studies in other areas which will be of assistance to the Waldoboro teachers.

It has been possible to improve the conveyance situation by rearranging some routes and by making arrangements which have relieved the overloading of other buses. It is impossible to provide the same service for everyone as road conditions and the locations of the homes are all factors which complicate the conveyance problem.

The health program is undergoing changes which will result in a more nearly balanced program. The emphasis has been on medical inspection to the extent that insufficient attention was given to correction and prevention of remedial defects. The program now provides for a medical examination for all pupils at least every two years. The School Physician and the Public Health Nurse are cooperating on the program. Since the work of the School Physician does not seem to be very well understood by many parents and citizens, the complete report of the School Physician for the past year is being made a part of this report. The report is convincing proof that the School Physician is rendering an important service to the school system.

The teachers in the first and second grades have a heavy pupil load. The teacher in the first grade room has forty-five pupils. It is impossible to give the individual attention which is so greatly needed in these critical years of a child's school life. This condition is obvious to the parents who have children in these rooms. The first step to remedy the situation is to provide more room in the building.

The budget for next year has received careful consideration. There has been an increase in the cost of all major items. There is no doubt that there will be further increases in teachers' salaries. It is impossible to predict accurately the effect which bills enacted by the state legislature may have on the cost of operating the schools.

Respectfully Submitted,

Earle M. Spear,
Superintendent of Schools.

Mr. Earle Spear
Superintendent of Schools
Waldoboro, Maine

Dear Sir:

The following is a report for the past year as School Physician:

All grades were examined with the exception of two, these grades to be examined in the near future.

Twenty-six pupils were examined at the Pre-School clinic in May, 1946; nine pupils receiving vaccinations for Smallpox.

(Page 46)

Two hundred and ninety-seven pupils were inoculated for the prevention of Diphtheria. Each pupil receiving two injections.

Eleven pupils were treated in my office for injuries received on school property for a total of twenty-eight office calls.

Six calls were made to the school buildings to give emergency treatments to pupils.

Fifty-four pupils were issued re-admission slips following exposure to infectious or contagious diseases.

I wish to thank the Superintendent of Schools, the teachers, parents and pupils for their co-operation during the past year.

Respectfully Submitted,

Franklin Randolph, D. O.

Town Warrant

To Percy U. Turner, one of the Constables of the
Town of Waldoboro,

GREETINGS:

In the name of the State of Maine, you are hereby required to warn and notify the inhabitants of the Town of Waldoboro, qualified to vote in town affairs, to assemble in the Auditorium of the High School Building in said Town, on Monday, the seventeenth day of March A. D. 1947 at eight thirty o'clock in the forenoon, then and there to elect all town officers now required by law to be chosen by Ballot, namely: Town Clerk, Selectmen and Overseers of the Poor, Assessors, Treasurer and Tax Collector, Member of School Committee, Road Commissioners and Fire Wards, in accordance with the provisions of Sections 38 to 52, inclusive, of Chapter 5 of the Revised Statutes of Maine of 1930 and acts additional thereto and amendatory thereof, and then and there to act upon the following, to wit:

Art. 1 To choose a Moderator to preside over said meeting.

Art. 2 To hear and act upon the Town Report.

Art. 3 To see if the town will vote to take up the articles and dispose of them as listed in the Town Warrant.

Art. 4 To choose all necessary Town Officers for the ensuing year including officers other than those now required by law to be elected by ballot under the provisions of Sections 38 to 52 inclusive of Chapter 5 of the Revised Statutes of Maine for 1930 and acts additional thereto and amendatory thereof, and those who are not required by law to be chosen by ballot but who, it was determined at the Annual Meeting in March, 1935, shall be chosen by ballot under said provisions of the Statute.

Art. 5 To see if the town will vote to fix the date when the taxes of 1947 shall be committed to the Collector and also when settlement shall be made with the town by the Collector.

Art. 6 To see if the town will vote to authorize the Selectmen to convey the property acquired by the Town of Waldoboro through tax deeds, expired tax liens or otherwise, by executing and delivering quit claim deeds in the name of the Town of Waldoboro and that the sales of such property be made subject to the following conditions, to wit:

1. That former owners who have lost title to their property be given an opportunity to redeem it by paying the accumulated taxes and costs.
2. That property which in the opinion of the Selectmen best serves the interest of the Town of Waldoboro by remaining Town Owned Property, need not be sold.
3. Any other piece of property on which a bid has been obtained, must be advertised in at least two consecutive issues of the Waldoboro Press and then sold to the person submitting the highest bid at the time and place desig-

nated. If the highest bid is not equal to the amount of accumulated taxes and costs, the Selectmen be permitted to reserve the right to reject any and all bids.

Art. 7 To see if the town will vote to authorize the selectmen and treasurer to procure a temporary loan or loans in anticipation of taxes for the purpose of paying obligations of the town; such loan or loans to be paid during the current municipal year out of money raised during said current municipal year by taxation.
